

A HRSA GERIATRIC WORKFORCE ENHANCEMENT PROGRAM

Please join us for a one-hour virtual workshop on Working with Older Adults with Dementia: Person Centered Care Communication Strategies

Thursday, March 11, 2021
3 pm – 4 pm

To register:

<https://zoom.us/meeting/register/tJEucuihrTgiGdOcE5KG3YAodYuCacE8q9HB>

Presented by:
Mary Zonsius PhD, RN
Associate Professor
Rush University, College of Nursing

In this presentation, participants will learn about the importance of using two best practices when working with older adults with dementia: person centered care and communication strategies.

The goal is to have a better understanding of how to:

- 1) address what matters and
- 2) interact effectively with persons living with dementia.

Dr. Zonsius is passionate about improving care for older adults. She has presented regionally and nationally on issues related to quality and safety in the aging adult and improving care of the persons living with dementia.

*Sponsored by the Collaborative Action Team training for Community Health –
Older adult Network (CATCH-ON)*
