

Immunization Public Service Announcements

Beginning in July and again in late November, the IAFP and the Family Health Foundation of Illinois will launch an Illinois based public service campaign on immunizations. Each PSA will educate the audience on a specific vaccine and encourage them to visit their family doctor.

Informative newsletters will be released as follows:

July - [HPV](#) *

August - [Meningococcal](#) *

October - [General Adult Vaccine](#) *

Nov - [Pneumonia](#) *

December - [Pertussis](#) *

*click on the vaccine to hear the PSA - you can also link to them from your practice website or an email or social media post.

Tune in your radio and listen for our five immunizations PSAs

General vaccines, Meningococcal, HPV, Pnuemonia and Pertussis
